

DURABLE & TEXTURED WALLCOVERING YOU CAN CUSTOMIZE

Silence Is Golden.
Hushed Acoustic Wall System
NOISE REDUCTION + THERMAL LAYERING

Or red. _____

Or blue. _____

Bring the noise levels down with our **Hushed Wallcovering**, a sound absorbing wall covering you can paint any color you desire. Hushed is an insulated wall fabric that helps regulate noise and room temperature, creating a hygienic, protective vertical surface.

Vitrulan USA's Hushed Wallcovering is a woven textile fabric that reduces indoor noise levels, and creates a thermal insulation layer. Hushed also protects walls from dings and dents, is hygienic and fire resistant. Hushed is the ideal wallcovering solution for any environment that demands function, comfort and style – including retail, hospitality, education, healthcare, corporate and creative spaces.

Available in two textures, Hushed is made of a breathable, woven glass fabric, with a fleece backing which allows for enhanced performance on your walls. Hushed is easy to clean and maintain. A simple system that boasts so many benefits. From sound reduction, temperature control, durability and hygiene to aesthetics and maintenance, the Vitrulan Hushed Wallcovering System sets a new standard in wall coverings.
