

A VERSATILE WALLCOVERING SYSTEM

CREATE AN ICONIC WALL WITH CUSTOM LOGO PROGRAM

Think of a design –
any design or logo.
Now imagine it on
your walls.

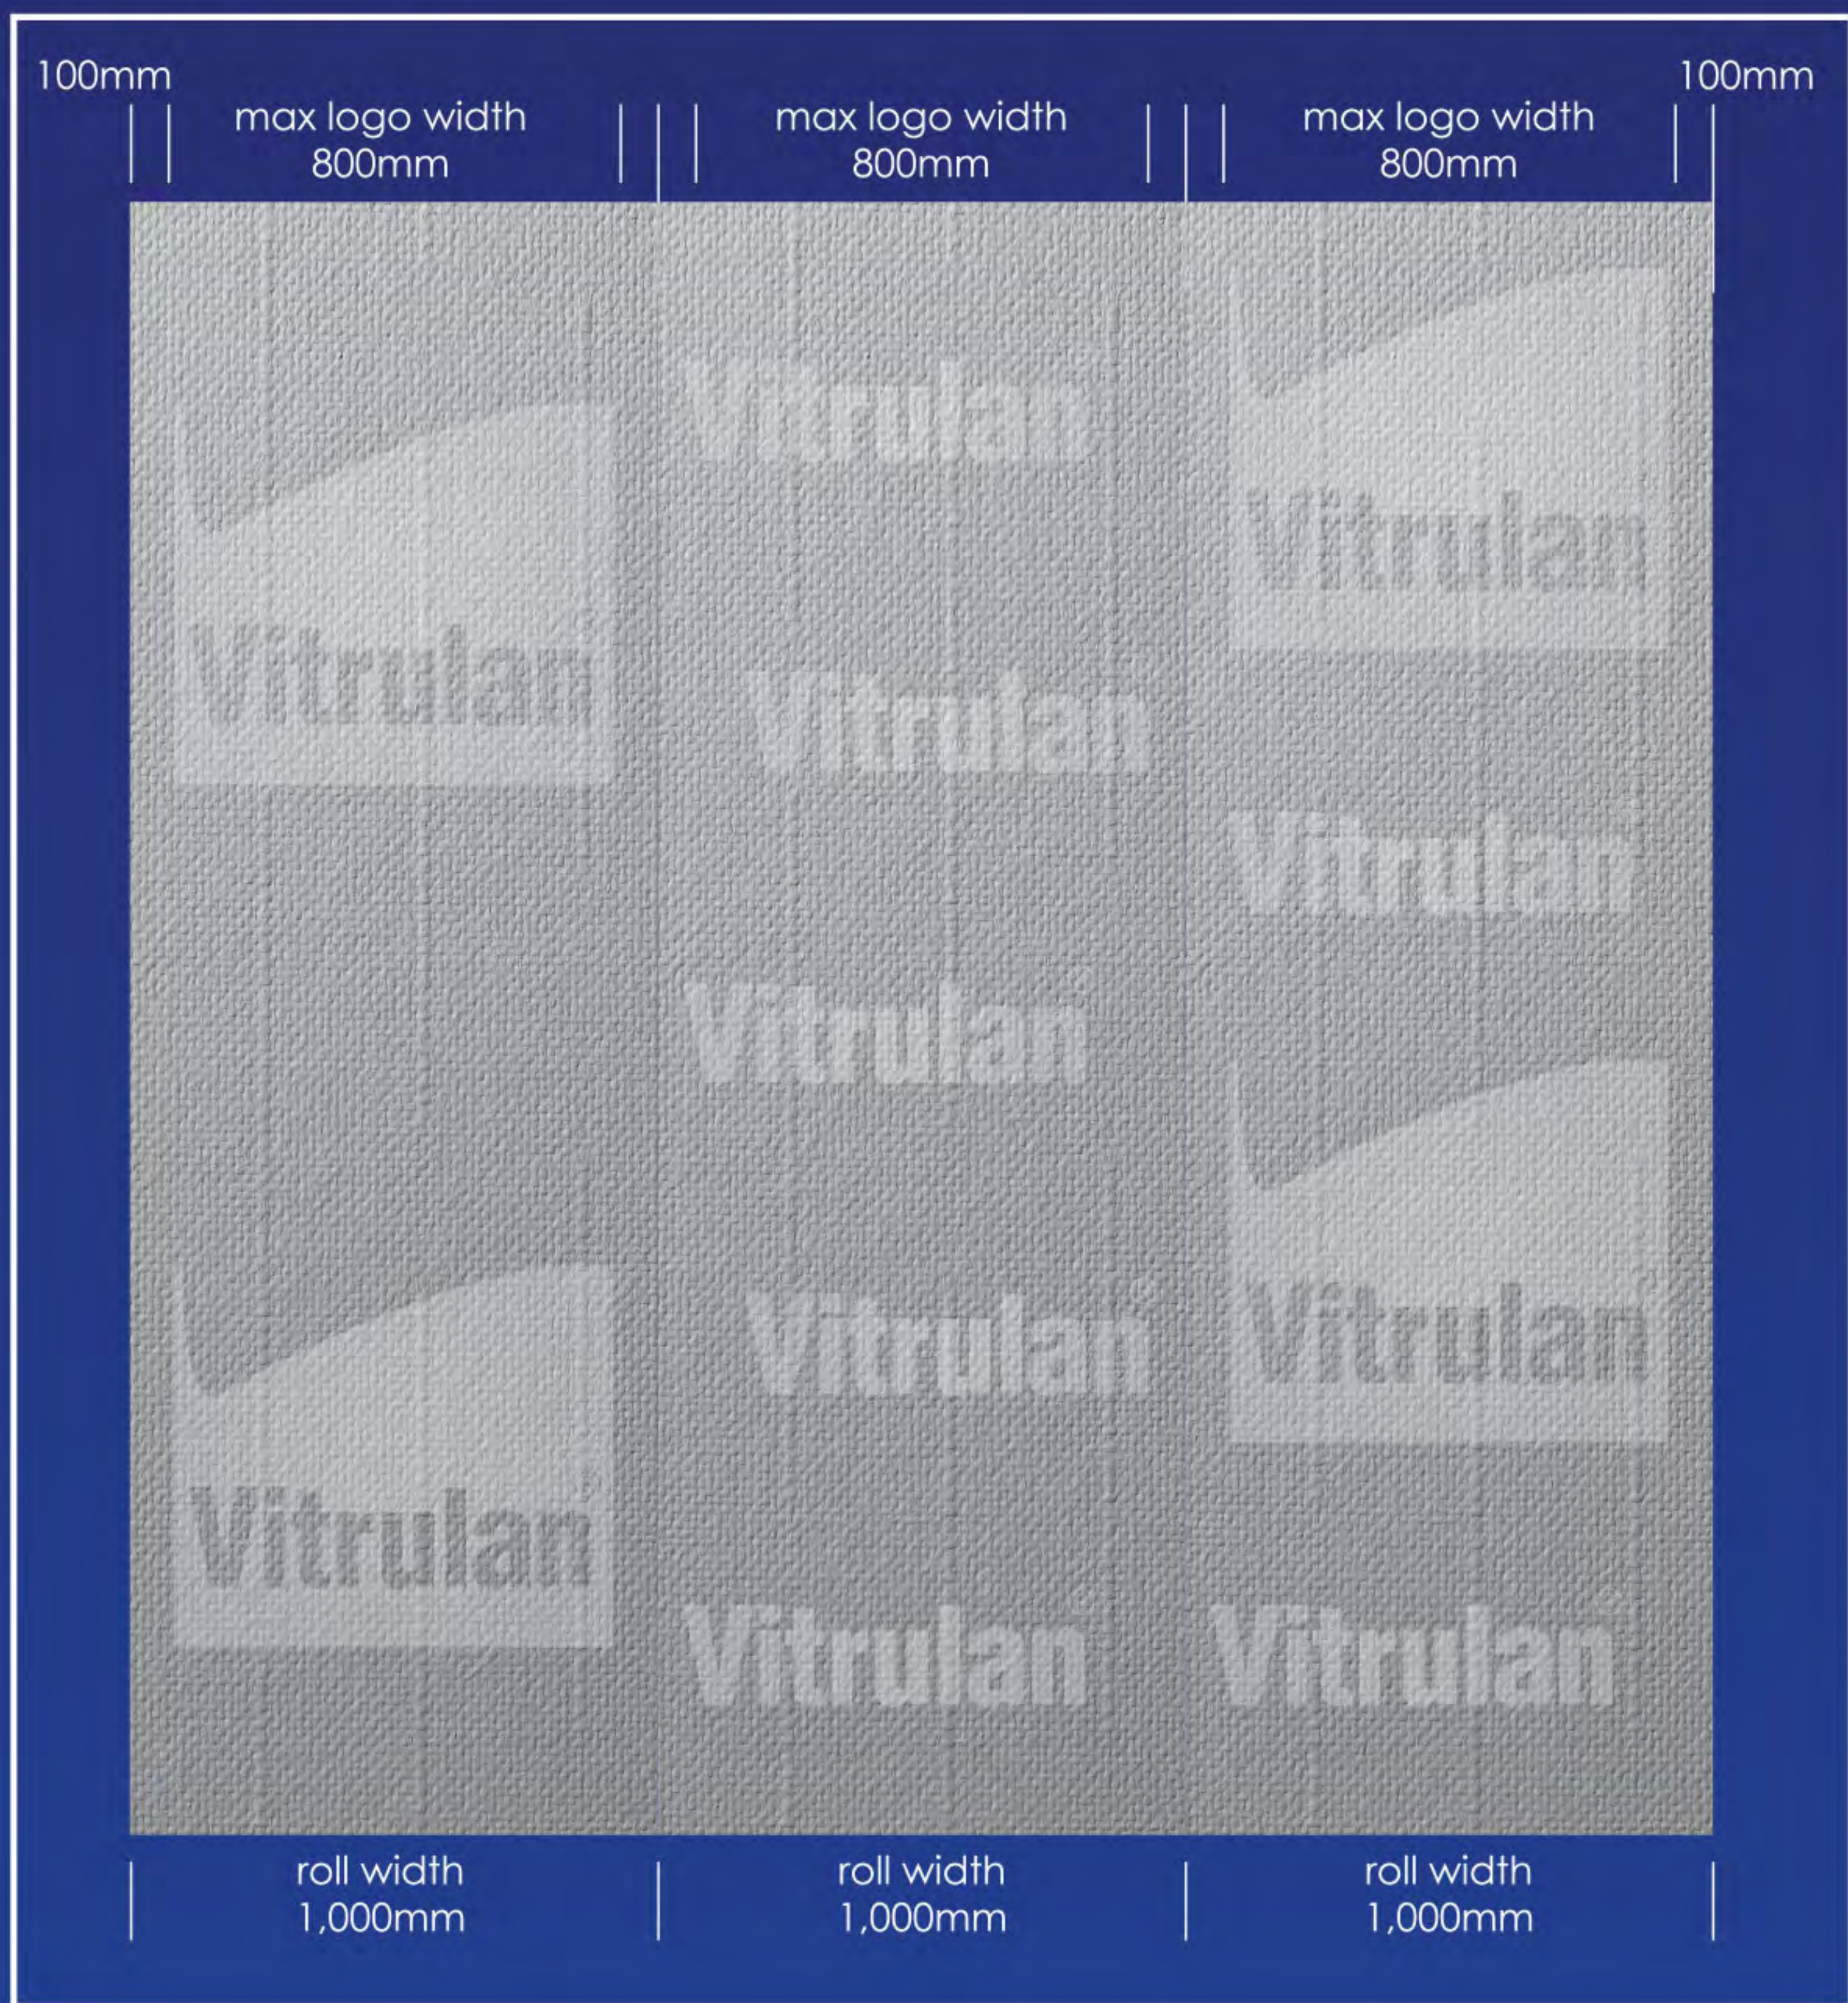

With Vitruan Custom Logo Program, even a facility's walls can be a reflection of the company or organization's identity. Made of 100 percent finely spun glass yarn, Vitruan Custom Logo is the only fabric wall covering that allows almost all elements of corporate design to be displayed effectively. The product can be combined with other Vitruan wall covering designs to create a unique, individualized style – whether for one feature wall or the entire wall area. The Custom Logo Program is ideal for use in hotels, restaurants, retail stores, banks, corporate offices and more.
